<b>Background/Introduction</b>		
<b>Action Requested</b>		
<p>I would however like to offer a motion for Council to consider. We represent the 4 nations of the UK and there should be suitable representation on Council at all times. With the current Council make up, there will be a risk of not having a Scottish, English, Welsh, and Northern Irish representation.</p> <p>It would be my proposal that, in addition to the roles already on Council, there should be a regional representative. This would help with links to local NHS policies (health is a devolved matter across the UK) as well as assist in matters such as SEM training in reach region and the opportunity to link with relevant sporting parties ( e.g.: SportScotland and Moving Medicine).</p>
