

FSEM UK Report to Council	Date	14/05/2021
Submitting committee/Group:	Clinical Advisory Group	
From:	Dr Glen Rae	
<p>The CAG directed the Faculty contribution to NICE guidelines and made recommendations for suitable people to head our contribution to guidelines on fibromyalgia. On the recommendation of the CAG the faculty have signed up to be involved in developing NICE guidelines on Rehabilitation for Chronic Neurological Disorders Including Traumatic Brain Injury, Weight Management and Asthma.</p> <p>Following work over the last 6 months the first “Publication Reviews” FSEM website page went live in April. The following papers were summarised and included.</p> <p>Publication Review - The Faculty of Sport and Exercise Medicine (fsem.ac.uk)</p> <p>Team Sport: SARS-CoV-2 transmission during rugby league matches: do players become infected after participating with SARS-CoV-2 positive players? <i>British Journal of Sports Medicine</i> Published Online First: 11 February 2021</p> <p>Musculoskeletal Medicine: Hydrodilatation with corticosteroids is the most effective conservative management for frozen shoulder. Knee Surgery, Sports Traumatology, Arthroscopy (2021)</p> <p>Exercise and Medicine: Recommended physical activity and all cause and cause specific mortality in US adults: prospective cohort study. <i>BMJ</i> 2020;370:m2031</p> <p>Spotlight Paper: Returning to physical activity after covid-19. <i>BMJ</i> 2021;372:m4721</p> <p>The Publication page has been viewed 92 times to date, for comparison the Positional Statement has been viewed 312 times since it was published.</p> <p>Work will now start to identify papers and recruit summarisers for the July/ August page. If any Members or Fellows would like to suggest any recent papers that they are aware of from the identified areas, or have indeed published their own paper recently that would be</p>		

appropriate for the "spotlight" section please make Ian Williamson at the Faculty Office aware.
