

MSK/SEM consultant required to work part/ full time in well established private clinic in the Chichester area.

At least 5 years experience in MSK post CCST would be preferred, and someone with an interest or willingness to become more expert in spine disorders.

Become part of the team with physicians, orthopaedic surgeons and physiotherapists.

In house facilities include focussed ESWT, fluoroscopy for guided interventions and diagnostic ultrasound.

For the right person it could also be an opportunity to invest long term in the venture or buy out the retiring physician. www.ovingclinic.co.uk
